# Year 12: London Gallery Visits

By Polly Bridges, Year 12

Given that we were only visiting for a day, we did a lot of preparation before our trip in order to make the most out of it. As part of this, we visited gallery websites and made a shortlist of exhibitions to visit that would complement our AS and A-Level projects, as well as preparing small sketchbooks to draw and make notes in by creating coloured pages, fold out sections and textured surfaces to make sketches more lively.

We required an early start in order to catch the train to London from Leeds, and we had a long day of gallery visits and travel ahead of us.

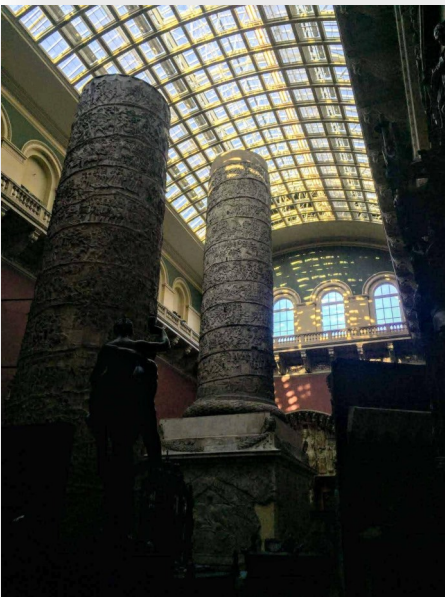

After catching the train to King's Cross, we took the Underground to the V&A museum which, to our surprise, had an underground entrance. We only had around three hours in the gallery, which was incredibly huge and varied, so we had to focus on what would benefit our work. I spent a long

time in the sculptures collection and made a lot of figure drawings of the often dramatic statues in the gallery.

The V&A museum additionally had an extensive fashion collection which spanned centuries of clothing styles, such as Victorian wedding dresses, waistcoats (with swords) to the more modern day clothing. Many of the outfits were artworks in their own regard, and gave me a lot of inspiration for my future projects.

A large host of costumes and set designs also were displayed at the V&A in their theatre and performance gallery, including a hat shaped like the Sydney Opera House, many interesting and often outlandish outfits designed for the stage, and even an Oscar!

Other notable objects that we saw in the gallery included old and luxurious jewellery, a hall filled with ancient Roman pillars, a collection of ornamental swords and an impressive room filled with stained glass. Many of us visited different gallery areas and reconvened when we got on the Underground back to King's Cross.

We then walked to the Wellcome collection, which was arguably more of an interesting museum than an art gallery, yet gave a lot of us inspiration for our projects. The three exhibitions there involved paintings, artefacts, photography, films, installations and other points of interest and were often incredibly thought provoking. Highlights included a face imagined and constructed from sequencing the DNA found on cigarette butts, a collection of medical saws used to amputate limbs, a thought-provoking "Refugee Astronaut" sculpture and a video installation of a McDonald's restaurant slowly flooding in response to the climate crisis. I sketched a lot of different things in the Wellcome gallery due to their individual uniqueness, and, art projects aside, it was an interesting museum to experience.

Overall, despite the tight schedule of the day, the overall experience was interesting and incredibly useful for our own personal interests as well as for our A-level projects. Several of us are inspired to do more gallery visits in the future.

# Fundraising: Motor Neuron Disease

By Mr S Willet: Business & Economics/Humanities; Pastoral Champion

On the 30th May, myself and a few other Otley RUFC Players will be attempting to climb the 3 highest peaks of England, Scotland and Wales in under 24 hours.

We will be completing this for the 'My Name's Doddie Foundation' which is committed to helping improve the lives of those affected by Motor Neuron Disease.

If you are interested in supporting this cause you can donate by using the following Just Giving link: <https://www.justgiving.com/Simon-Willet>

Any help is greatly appreciated.

# Year 7: Stonewall Assembly

By Mr K Kehoe; Associate Assistant Headteacher; School to School Support; Curriculum Leader: MFL

At IGS we pride ourselves on being a Stonewall Champion, which means we are recognised as a school who supports and stands in solidarity with the LGBTQ+ community within our school environment and beyond.

As such we have celebrated LGBTQ history month this February by rolling out our next round of assemblies and PBT lessons to raise awareness of our continued support for this worthy cause. iLeaders prepared and delivered powerful assemblies to all year groups. These highlighted the history of and need for Pride marches across the world, as well as strengthening our dedication to fighting any prejudice or bullying and tackling the incorrect use of derogatory language that hurts and offends.

These assemblies were welcomed by staff and students alike and we are proud to be an inclusive school which will continue to celebrate diversity and help our students become citizens of a tolerant world.

# Got Any Old School Shoes Going Spare?

By Mr M Carr; PE; Progress and Experience Leader: Year 10; Student & Community Co-ordinator

Do you have an old pair of school shoes? Are you planning on getting a new pair over half term?

If the answer is yes, would you like to donate them to Refugee Action and give the shoes a second life?

Refugee Action are desperately looking for primary and secondary shoes to give to asylum seekers and refugees living in Bradford and the surrounding areas.

If you are able to support this please bring the shoes to the PE office before Friday 28<sup>th</sup> February. Both shoes need to be attached together either by the laces or in a bag.

Many thanks in advance for your support.

## OLD P.E. KIT DONATIONS PLEA

The P.E. department would really appreciate any donations of old P.E. kit, **particularly spare boots and trainers**, that students have grown out of and no longer use.

If you are able to donate any items, please drop them off at the P.E. office.
