Moorlands Learning Trust Publication Scheme on information available under the Freedom of Information Act 2000

The Board of Trustees is responsible for enforcing adherence to this legislation.

I. Introduction: What a publication scheme is and why it has been developed

This publication scheme commits Moorlands Learning Trust to make information available to the public as part of its normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by the school. Additional assistance is provided to the definition of these classes in sector specific guidance manuals issued by the Information Commissioner.

The scheme commits the Trust:

- To proactively publish or otherwise make available as a matter of routine, information which is held by the authority and falls within the classification below.
- To review and update on a regular basis the information made available under this scheme.
- To produce a schedule of any fees charged for access to information which is made available.
- To make this publication scheme available to the public.

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is currently available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Mission and Aims

Mission: “Sapientia et Statura Proficiamus”
Growing in wisdom and stature: achieving your personal best.

Ilkley Grammar School takes seriously the challenge and support essential if every child is to enjoy and achieve, whatever their individual talent and aspirations. Whilst retaining traditional values we seek, through partnership, to develop creativity, innovation and improvement at the heart of our learning community.

Aim: Our vision is to be an outstanding learning community.

This publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

Trust School Prospectus – information published in the school prospectus.

Governors' Documents – information published in the Governors Annual Report and in other governing body documents.

Students & Curriculum – information about policies that relate to students and the school curriculum.

School Policies and other information related to the school - information about policies that relate to the school in general.

4. How to request information
