The procedures and controls that are in place meet legal requirements and have been arrived at through effective hazard analysis, training and experience of the team.

In order to provide an ongoing safe and hygienic service we undertake to provide all employees with information and training necessary to enable them to perform their tasks in a hygienic manner. All employees will co-operate with management of any other authorised person to ensure that statutory obligations are properly complied with.

We will measure our performance with regard to food safety on an ongoing basis, through audit and investigation of incidences of ill health and injury.
