15TH & 17TH LIGHTNING CAST

THE SHOW MUST GO ON!

We are so happy to be able to perform this show to you all today.

The past two years have been devastating for so many people, including the Creative Arts industry's who were forced to shut their doors with less than a weeks notice.

The Arts provide a platform for our young people to express themselves and be around like minded, empathetic, passionate, hard working, driven and creative people. Whether they are singing, acting, dancing, creating or designing we have the privilege of seeing the joy that our young people experience when they get to be part of something bigger than themselves. We have all worked as a team to accomplish something that seemed a huge challenge back in September. We didn't know whether we would be able to perform the show in front of a live audience or even whether the cast could interact within two metres of each other ... this seemed especially difficult as Theatre after all, is about human connection.

You will see that there are a **huge** number of our young people involved in the production, from the cast to the band, the backstage team to the set (projections), costume and prop makers. This really is a School Production and we are immensely proud of the students' commitment and energy.

This is also the final production for a number of our Year 13 students. We are so lucky to have such a talented, kind, creative, lovely bunch of students . We know they will go on to achieve great things, whatever they set their mind to.

So, sit back, relax and let us ROCK YOU!
